

**NEW VERSION
NEW PERSPECTIVES**

INCLUDIS[®]

www.includis.com

The new INCLUDIS Web version 8.1

opens new perspectives

- Production data available any time, anywhere
- Faster access to detailed information
- Data input directly through your web browser
- System operation on an internal or external server
- No client installation on the PC workstation
- Significantly reduced running IT costs
- Improvement and acceleration of internal processes

INCLUDIS Web V 8.1 replaces the client/server modules from version 6.3.

Ask for **temporary demo access** and discover the extensive application possibilities.
